Newsletter 10

29 June 2021

Dear Parent/s/Guardian

These are indeed difficult times and we pray that you are all safe and keeping well.

The health of our learners and staff remains paramount. In keeping with governments regulations to contain the COVID 19 pandemic we have adhered to the Minister of Basic Education news briefing to close schools earlier for the school holidays.

Kindly note that school is closing today, **Tuesday, 29 June 2021**. School will reopen on Tuesday 20 July 2021 for **all staff and learners**. Administration, support staff and management staff will return to school on the 19th July 2021 to ensure that school is in a state of readiness to commence with the third term.

We need your support in ensuring that learners wear their masks correctly, that social distancing be the norm and that we sanitize and wash our hands regularly. These COVID regulations have a long way to go to be inculcated into our children's lives and even in our lives as we come to terms with the "new normal".

As we are already experiencing the third wave, we urge you to strengthen your partnership with us by limiting your children's social lives and strictly adhering to lockdown level 4 restrictions.

Maryvale College will also be strengthening it's google classroom capacity should we have to limit face-to-face teaching and learning in the future. Please ensure that your homes are equipped with suitable devices and that you have data connectivity should we revert to on-line learning.

Reports for term 2 will be issued early in the new term.

Our admission processes for 2022 have opened and new enrolments are already been submitted for consideration for 2022. Should you know of any prospective enrolments please encourage them to register as soon as possible.

As always, we wish you well.

Kind Regards

Dr R. Looyen (PhD)
