## Newsletter 14

12 August 2021

Dear Parent/s/Guardians

### 1. Feast of Assumption

On Friday, the 13 August 2021 Maryvale College celebrates the Feast of Assumption. The Feast of the Assumption (or simply, "The Assumption") is widely celebrated all over Christendom. This holy day marks the occasion of the Virgin Mary's bodily ascent to heaven at the end of her life. Maryvale College is a proud Assumption College. The Assumption sisters have given to us a proud legacy which we continue to celebrate and nurture. A school where young people can learn, grow and develop and aim to make a difference wherever they may be in the present and in the future. It is for this reason that the Feast of Assumption is so important to us. We will be celebrating this day with a Holy Mass at 10:00.

*School will close at 12:00.*

### 2. Learner Safety

Too many learners are loitering around after school, both on the school property and in public spaces. Please ensure that if your child is not participating in sport and cultural activities at the school they need to go home. All staff are involved in extracurricular activities and are not available to take care of learners who are just loitering at the school or in the suburbs.

### 3. Academic Assessments

Learners have received reports. We want to congratulate those learners who have done exceptionally well. Some can do much better, while others have not applied themselves.

We have also made recommendations with regard to certain learners and we hope you will support us with these. Please feel free to contact the school to make an appointment with the relevant staff member should you have any concerns. There are some parents that we have already communicated with, as we only want to serve the best interests of your child.

We remain true to our motto: "Through learning we honour God" and therefore we endeavour to support your child in any way that we can. Support programmes in the afternoons and Saturday classes are available to support your child's learning and success.

Kind Regards

Dr R. Looyen.
